

# SUGO

## Menu

### WELCOME TO SUGO PIZZA!

Imagine yourself for a moment on a piazza in Italy and be surprised by our dishes. Start your dinner with one of our appetisers or share a variety of antipasti to taste everything from our kitchen. Then have one of our award-winning pizzas or choose a delicious oven pasta. Of course, you finish with a SUGO dessert... Not sure what to choose? Let our pizzaiolo create a delicious menu for you! Ask your waiter about the possibilities.

### AS SUSTAINABLE POSSIBLE

At SUGO, we strive to become as sustainable as possible. For this, we will take one small step at a time. For example, our tomato sauce is made from Westland tomatoes that don't make it to the supermarket. By using these delicious tomatoes for our sauce, we save tons of CO2 per year and thousands of litres of water! Moreover, all deliveries are done via e-bikes or e-scooters, so no drop of fuel is used.

### FLIP THE MENU

We reverse the markings on the menu: because for us, vegetarian or plant-based is the norm. We only indicate whether dishes contain meat, fish, dairy or eggs. We do this with the icons below:

-  = these dishes contain beef or beef products
-  = these dishes contain chicken or chicken products
-  = these dishes contain pork or pork products
-  = these dishes contain fish or fish products
-  = these dishes contain egg or dairy
-  = these dishes are halal
-  = signature dish of SUGO
-  = spicy

### SEASONAL SPECIALS
